

What has keys but can't open locks?

By Melkisedeck Leon Shine · July 3, 2023

1000+ Riddles with Answers, Edited by Melkisedeck Leon Shine

A piano! ?

Explanation: A piano has keys, but those keys are used to produce musical sounds and not meant for opening locks. It's like trying to unlock a door with a musical tune! ?

So, if you ever find yourself in need of a locksmith, just remember that a piano won't be of much help. ??
