Cognitive Biases and Their Impact on Decision Making

Hello there, lovely readers! Today, as AckySHINE, your friendly expert in decision making and problem solving, I would like to shed some light on cognitive biases and the profound impact they have on the choices we make. ??

So, my friends, these are just a few of the many cognitive biases that influence our decision making. It's important to be aware of these biases and actively work to overcome them in order to make more informed and objective choices. Remember, the first step towards effective decision making is recognizing and understanding the impact of cognitive biases in our lives. ??

Now, I would love to hear from you! Have you ever noticed any of these biases affecting your decision making? How do you try to overcome them? Share your thoughts and experiences in the comments below! ??
